School Characteristics and Replicable Practices

Academic Excellence

We use multiple measures to ensure all students are successful and give teachers the opportunities to personalize instruction.

Our students participate in curriculum that is created by teachers to ensure alignment and collaboration between grade levels and departments.

Developmental Responsiveness

Many things at our school promote not only academic excellence but also focuses on a vast array of services to address the needs of our student population.

We maintain a relationship with students, parents, and community members through many avenues, including collaboration with senior citizens and local comfort care homes.

Social media, newsletters, and teacher webpages are used as some of the main communication avenues within our school community.

Social Equity

At JP, we celebrate differences and embrace individuality. We work closely with city of Rochester and the Urban-Suburban program to give students a chance to attend schools outside of the city.

Teachers are equipped with collaborative sessions, common team time, and data-driven instruction to provide curriculum to meet the needs of students.

Organizational Support

At Johanna Perrin, we focus on the "JP WAY" which asks students to: Be Respectful, Be Responsible and Be a Learner.

We believe that all students can learn when provided the opportunity to do so. Even though all students are on different levels, we feel that they all have the ability to learn at their own pace, and even sometimes on an individual curriculum basis when necessary.

- Fairport's motto is "Once a Raider, Always a Raider" and we strive to provide and promote a welcoming environment. We work as a district to value and support all the families in our community.
